

# SEEING RED OVER HEALTH CARE

*As a Mom...*  
A SISTERHOOD OF MOMMY PATRIOTS™

60,000 Moms, and growing - [AsAMom.org](http://AsAMom.org)

Despite a FULL YEAR of debate, town halls and grass roots protesting, the Obama Administration is set to defy the will of the American people and has asked you to help ram Health Care Reform through the House. We the people are engaged. We are educated. We know exactly what is in the current Health Care Reform and **WE REJECT IT!**

I understand that the American Health Care System is in need of reform. However, for reforms to be effective, economically viable and **AMERICAN**, they must be based upon the Free Market principles that made our country the most prosperous in history. I oppose **ANY** legislation that grows government, adds mandates, contains a Public Option, creates entitlements and/or limits my personal liberty to choose what is best for myself and for my family.

As a representative of the people we ask you to **STOP. STOP** the political gimmickry. **STOP** the blatant disregard for your constituents. **STOP** this legislative trainwreck, and **START** working for America and its principles of individual liberty.

## MY STORY:

**I AM YOUR CONSTITUENT AND WILL HOLD YOU ACCOUNTABLE FOR YOUR VOTE!!**
